Subject: Discrimination in connection with Security
Assistance programs.

1) Posts with security assistance programs are requested to report by November 30 any known instances of host government policies or practices which are preventing US persons from participating in furnishing defense articles or defense services on the basis of race, religion, national origin or sex. In the event that no discriminatory practices or policies are known to exist, reports stating that fact are desired.

2) Posts are reminded that they have continuing responsibility to report allegations of discrimination. Reftel contains text of discrimination provisions of Foreign Assistance Act and pertinent guidance.
